

## **Seeking a vibrant, self-motivated CPA for the position of Treasurer to join the Elizabeth House Board of Directors**

The mission of Elizabeth House is to support young pregnant women and families in difficulty. Through its residential and external programs, Elizabeth House provides a full range of rehabilitation services to help young pregnant women adjust to pregnancy and to help young parents adapt to their role as parents.

The young women and young families whom we help come from difficult backgrounds. Many come from underprivileged environments with a history of family breakdown, violence and abuse. Very few have adequate role models for parenting; most have little, if any, social support, and none have financial resources to fall back on. Yet they are confronted with the responsibilities of parenthood and independent living.

Our goal is that these young, high-risk moms (and dads) and their children become vibrant, contributing members of society and not dependent on the social services network.

The Treasurer is responsible for monitoring and reporting to the Board with respect to all matters pertaining to the financial integrity of Elizabeth House.
